RE: Corrections

A mistake was noticed on past reports we filed.

1. On Form 3 - Schedule A, line 11(a)3 (individuals) shows \$480 more than it should and Line 11(c) shows \$480 less than it should. Our former software handled earmarked contributions differently than the FEC's software handles earmarked contributions. Therefore the totals for Individuals and PACs were effected, but the Line 11(e) total is unchanged. This change did not effect the ending balance. In all cases the conduit was Raytheon PAC and their (individual) employee was Patrick Coulter.

8-22-01	\$ 40
9-24-01	\$ 80
11-02-01	\$ 80
11-21-01	\$ 80
12-21-01	\$120
2-26-02	\$ 80

	\$480

2. Please note the change on our amended April 15 Quarterly Report. An 'in-kind' contribution from the Wine Institute PAC, on page 72, was inadvertently entered/offset to Line 1B instead of Line 17. This correction changed the totals on lines 7(a) and 17, but did not effect the final ending balance.
